

Turning Innovation into Application

Founded in 2008, GXM is an SBA-certified Veteran-Owned Small Business committed to pioneering groundbreaking solutions at the intersection of technology and innovation. Leveraging our Adaptive Framework, we address challenges in Innovation, Interoperability, Integration, and Implementation. From pioneering new pathways with R&D and rapid prototyping to bridging technological gaps and modernizing infrastructures, we turn innovation into application.

WHAT WE DO

Designed with the federal government's unique needs in mind, our Adaptive Framework aligns GXM's core competencies with the pressing challenges our clients face.

INNOVATION: Pioneering Solutions & New Pathways

- Prototype Development
- Proof-of-Concept Creation
- Technology Feasibility Studies
- CI/CD Pipelines
- Technology Scouting
- Secure Environment Setup
- Collaborative Experimentation
- New Operating Frameworks

INTEROPERABILITY: Unified Experiences & Collaboration

- Application Development
- Software & Data Engineering
- UI/UX & CX Design
- Accessibility & Compliance
- Human Factors
- GXM's OpenHive Solution
- Cross-Platform Development
- Stakeholder Alignment

INTEGRATION: Bridging Technologies & Mission Alignment

- Legacy System Enhancement
- Verification & Validation
- Integrated Project Teams
- Integration Architecture
- DevSecOps
- Cybersecurity Protocols
- Change Management
- Knowledge Management

IMPLEMENTATION: Strategy Execution & Impact Delivery

- Agile/Scrum Training
- Project Recovery
- QA and Automated Testing
- CI/CD Pipelines
- Pilots and New Program Offices
- Strategic Initiative Execution
- New Technology Delivery

DIFFERENTIATORS

The majority of GXM's new business comes from customer and partner referrals because of what sets us apart—**we are the first to dare, the first to deliver.**

- **First In:** We develop first-of-their-kind solutions, serving high-impact missions in critical environments.
- **Entrepreneurial Urgency:** We match talent to challenge and team to mission, prioritizing people, solution-fit, cost-effectiveness, and speed.
- **Smart Simplicity:** We outsmart complexity without getting complicated. We ideate with sophistication and implement with simplicity.

CODES & CERTIFICATIONS

NAICS: 541330 545111 541990
541611 541715 541618
